ABOUT LOGGERHEAD TOOLS**COMPANY AND MISSION**

LoggerHead Tools LLC designs, develops and commercializes innovative, new-to-the-world tools manufactured in the United States. Its mission is to create value-added, problem-solving innovations that provide enhanced value to its customers. The founder of LoggerHead Tools is Dan Brown, a Chicago inventor who holds over 25 U.S. utility patents.

PRODUCTS

In 2007, LoggerHead Tools launched the Bit Dr.TM pocket screwdriver, as well as the Pro-Gear line of professional-grade tools and new sizes of the Bionic GripTM series of open-ended adjustable wrenches. Other LoggerHead Tools products include the ImmiXTM series of universal multi-tools and the Bionic WrenchTM series of adjustable wrenches.

AWARDS

LoggerHead Tools has received several product awards for innovative design:

- 2007 iF award from the International Design Forum (iF) for the ImmiXTM
- Nominated for the 2007 German Design Award, the design award of the Federal Republic of Germany for the Bionic WrenchTM
- 2006 FinOvation Award from Farm Industry News for the Bionic WrenchTM
- 2006 Good Design award from the Chicago Athenaeum for the ImmiXTM
- 2006 Chicago Innovation Award for the Bionic GripTM
- 2006 Red Dot: Best of the Best award for the Bionic WrenchTM
- 2006 iF Gold award from the International Design Forum (iF) for the Bionic WrenchTM
- 2005 Good Design award from the Chicago Athenaeum for the Bionic WrenchTM
- 2005 Editor's Choice award from Popular Mechanics for the Bionic WrenchTM
